HOW TO ACCESS THE LIBRARY DATABASES ANYWHERE...

You have access to countless articles through the LSCS-Libraries’ digital collections. These collections are housed in databases that allow you to easily search for the information that you need. You have access to them 24/7.

If you are off-campus or using the wi-fi, you will be asked to log-in to the databases. You can log-in two different ways:

1. **LIBRARY CARD NUMBER**
   Use your 14-digit Library Card number that is on the back of your Student ID.

2. **MYLONESTAR**
   Use your myLoneStar username and password.
   Click on the LSC-Jakarta and LSC-Online Students login link underneath the library card number field.

**TOO MUCH INFORMATION?**
Meet with a librarian for help finding quality resources
